Sacred Wind Communications, Inc. Bestows Scholarships

Sacred Wind awards scholarships to Navajo high school students in New Mexico who are college bound

Albuquerque, August 15, 2008 – Sacred Wind Communications, Inc. (Sacred Wind), a New Mexico telecommunications company, today announced that they have awarded scholarships to three Navajo high school seniors within Sacred Wind's territory in Nageezi and Rock Springs Chapters. These scholarships were based on academic achievement and community involvement.

All three scholarships are for \$1,000 each and will go toward college tuition for the fall 2008 semester. These will be continuing endowments to each student for the four years of their bachelor degrees, dependent on their GPA and continuing full-time registration.

In today's world more than ever before, there are many additional social and financial pressures on children that go beyond their basic academic efforts. When a child can excel in spite of these pressures, their efforts need to be recognized.
